	XXS	XS	S	M	L	XL
AGE	1-2	2-4	4-6	6-8	8-10	10-12
1. Hand width	13	14	15	16	17	18

How to measure

1. Bust
Measure around the fullest part of your bust, keeping the measuring tape horizontal.

2. Waist
Measure around the narrowest part (typically where your body bends side to side), keeping the tape horizontal.

3. Hip
Measure around the fullest part of your hips, keeping the tape horizontal.

4. Inseam
Measure from the top of your inner leg to the bottom of your leg.

How do I measure accessory sizes?

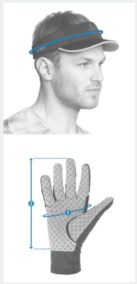
Hats

Take a soft tape measure from the middle of the forehead, above the ears and midway at the back of the head. Do not pull the tape too tightly.

Gloves

Take a soft tape measure and wrap it around the dominant hand just below the knuckles and excluding the thumb.

How to measure



Hats

Take a soft tape measure from the middle of the forehead, above the ears and midway at the back of the head. Do not pull the tape too tightly.

Gloves

Take a soft tape measure and wrap it around the dominant hand just below the knuckles and excluding the thumb. Now measure from the bottom edge of the palm to the tip of the middle finger.

Socks

Simply pick the size that fits your shoe size.

Sports bras

How to choose the right bra:

Think about intensity level: different activities require different levels of support. Running will require more support; yoga, less. Choose the support level that corresponds to what you'll be doing in it.

Pay attention to fit: sports bras should fit snug but not be uncomfortable. Try on different sizes and styles to find the one that fits best.

Swipe

How to measure

For a perfect fit, a new band should be on the loosest hook and feel firm but comfortable.

Your breasts should be fully contained within your bra's cups, with no excess cleavage coming over the top.

Straps are at their perfect length when the breast feels supported in its natural position - usually half way between the shoulder and elbow.
