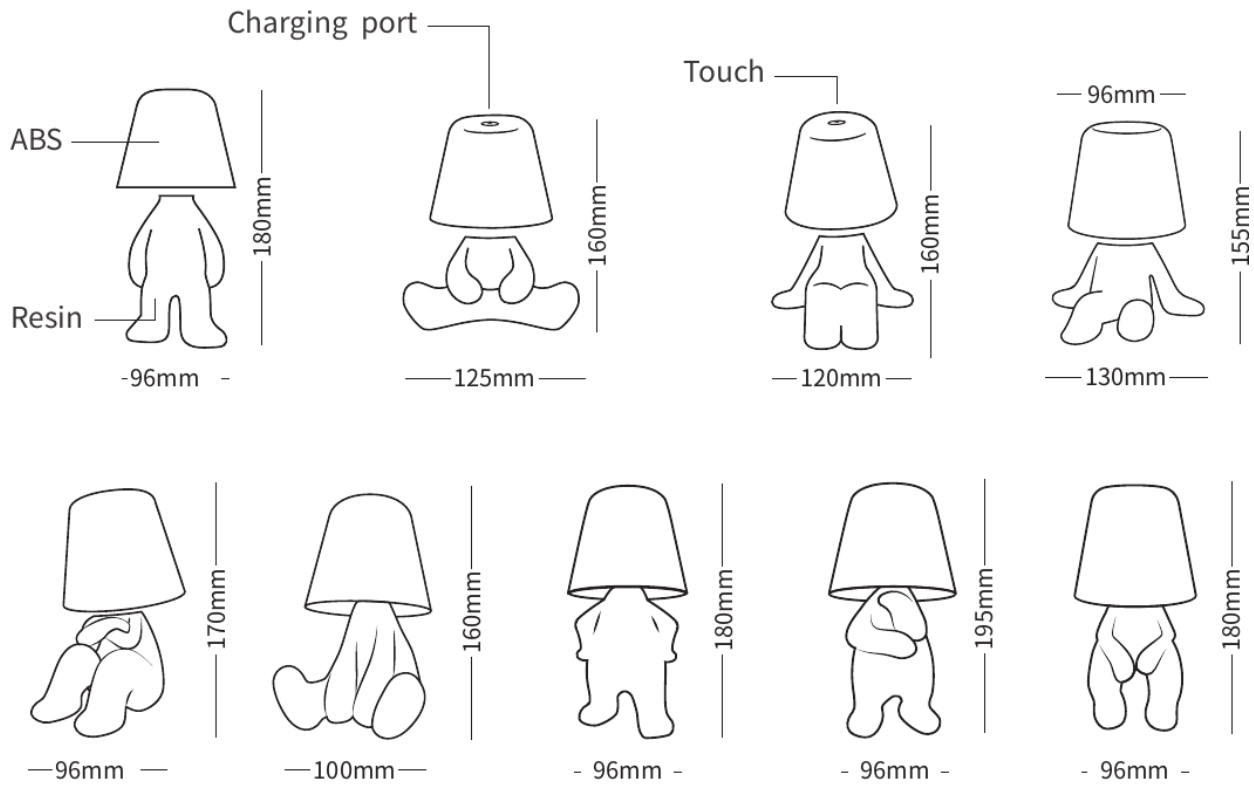
Safety information

Avoid overcharging. When the light dims, switch it off before charging. The built-in battery cannot be replaced.

What’s in the box

RayDudes™ lamp, USB charging cable and instruction booklet. A power adapter is not included.

Product overview



Dimensions and control locations by design

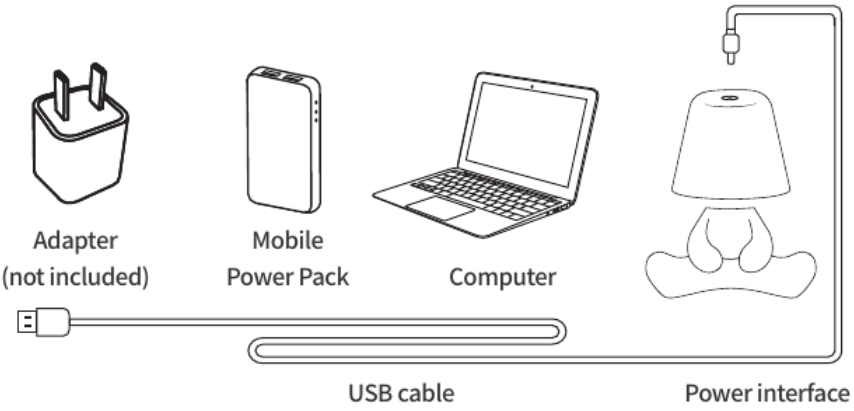
Materials	Resin body, ABS shade	**Charging input**	5 V DC, 1 A
Light source	12 SMD LEDs	**Battery**	1,800 mAh lithium
Rated power	3 W	**Finishes**	Gold and silver

Setup and charging

1. **Connect the included cable**
   Plug the charging cable into the charging port on the lamp.

2. **Connect to a USB power source**
   Use a computer USB port, a power bank or a compatible USB power adapter. The lamp’s charging input is 5 V DC, 1 A.

3. **Charge the lamp**
   A full charge typically takes about 4 hours and provides 8–12 hours of light.



Charging cable and supported USB power sources

How to use

1. **Turn on the light**
   Tap the touch area on top of the shade.

2. **Change the light setting or switch off**
   Tap the same area to move through the white, neutral and warm light settings and to turn the lamp off.

Care and maintenance

Charge the lamp at least once a month to help maintain the battery. When the battery reaches the end of its service life, replace the lamp.
