Package dimensions	120 × 120 × 135 mm
Packaged weight	700 g

Setup

1. **Connect the charging cable**
   Connect a USB-C charging cable to the port on the underside. The charging input is 5 V.

How to use

1. **Turn on the power**
   Gently press the power button on the underside. The light glows yellow when the power is on.

2. **Tap to change the light**
   Gently tap the marble body to change the light.

3. **Switch off for extended periods of non-use**
   Gently press the power button on the underside to switch off the power.

Care and maintenance

Cleaning

Gently wipe the marble with a soft cloth and a pH-neutral cleaner. Avoid acidic and alkaline cleaners.

Sealing

Use a professional stone sealant to help protect the marble from moisture and stains.

Surface protection

Keep sharp objects and hot items away from the marble surface.
